

Trias Solutions Launches to Expand Innovative Care for Older Adults Through PACE and Beyond

San Diego, CA -- St. Paul's Senior Services announces the launch of Trias Solutions, a new Management Services Organization (MSO) created to provide full-service support to Programs of All-Inclusive Care for the Elderly (PACE)

PACE programs deliver comprehensive medical and social services to seniors, enabling them to remain safe in their homes and communities. As demand for PACE grows nationwide, Trias Solutions was formed to help new and existing programs streamline operations, improve efficiencies, and expand access to care for seniors.

Trias Solutions offers a full range of management and administrative services, including operational, financial, compliance, and claims administration that help PACE organizations run efficiently and effectively, sustaining their mission. Our mission is rooted in St. Paul's tradition of innovative care. Trias aims to empower PACE programs, partnering with them to scale sustainably while maintaining quality care.

Trias Solutions unites experienced leadership with a bold vision for the future of aging services. Brian D. Cooper, CEO and George Vieu, CFO bring decades of expertise in senior care management, health systems operations, and organizational growth. Together, they will guide Trias Solutions in supporting PACE programs that help older adults live safely, independently, and with dignity.

"The need for integrated, community-based care has never been greater," said Sophia Lukas, COO of St. Paul's Senior Services. "Our work will expand the reach of the PACE model while introducing new innovations to keep seniors healthy, connected, and thriving in their own communities."

The launch of Trias Solutions reflects St. Paul's Senior Services' dedication to transforming the aging experience and strengthening the PACE model nationwide.
